

VILLA 610, LUBERON

Bedrooms 2
Sleeps 4

OVERVIEW:

This villa is part of a beautifully, recently renovated imposing Mas, nestling amongst over 4 hectares of vineyards, with spectacular views towards one of the prettiest and most unspoilt hilltop villages in the Luberon, Oppède le Vieux. The renovation is a clever mixture of the Provençal past by using bare stone and wood, to highlight very contemporary, modern and stylish furnishings.

This self contained, independent part of the Mas comprises two en-suite large bedrooms, both having their own living rooms and both with individual outdoor access. Through a separate entrance, there is a small modern kitchen with ceramic hob, dishwasher, coffee machine, small fridge and oven, whilst alongside there is a comfortable dining room. Immediately outside the kitchen there is a charming covered terrace, perfect for dining, drinking or relaxing on very comfortable sofas whilst simultaneously enjoying the quite spectacular views of the Luberon hills close by.

There is a fair sized, imaginatively walled garden, which boasts, a vast 10 x 10 m alarm protected swimming pool. No one occupies the other part of the Mas, which remains closed, although clients do have access to the laundry room to the side of the main building.
